Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: The use of the transitional phrase "consisting essentially of" was discussed, particularly section 2111.03 [R-3] of the MPEP stating that "absent a clear indication in the specification or claims of what the basic and novel characteristics actually are, 'consisting essentially of' will be construed as equivalent to 'comprising.' Nonetheless, upon submission of a response to the Office Action, Applicant's arguments or remarks to provide support from the specification for the use of "consisting essentially of" will be evaluated and considered. Applicant was also advised that a restriction requirement for two groups of inventions between a product and a method was issued on the Office Action dated 04/05/06 .
